

FAITH

IN FOCUS

Faith is not merely believing the right things about God; faith is learning to see God clearly enough to act faithfully in the moment before us.

These women are not given long biographies, but each one steps into the biblical narrative with remarkable clarity. They see what others miss. They act when others hesitate. Deborah's courage, Anna's witness, Hannah's surrender, and Abigail's wisdom invite us to ask: What has my faith brought into focus?
